

# BMB | Counselling for people with high probability of stay

## The Project BMB offers:

- ✓ A supply of informational counselling, a targeted orientation and preparation for the implementation of measures that enhance the integration process.
- ✓ A supply of entry-level-housing for families as well as temporary accommodation for individuals, located in central areas with low-threshold sociopedagogical care in terms of housing.

## Target Group

People that reside in accommodations of Basic Care, who are in the asylum process and have a high probability of approval and stay.
