

TRANSCULTURAL THERAPY CENTER OASIS

Every fourth human that has been on flight, has seen or experienced horrendous happenings. Especially mental harm remains, even when physical injuries have healed.

The OASIS therapy center's offer is completely free and, in most cases, available in the client's mother tongue.

Our offers target group:

Our offer is aimed at refugees that reside in the federal state of Upper Austria.

These include asylum seekers, subsidiary protected people, as well as people with a positive asylum status. (Children of these mentioned groups are welcome to engage in our therapeutic offer as well)

Our offer includes:

Our team consists of psychologists and psychotherapists with longtime experience. They are familiar with the struggles of people that have lived through traumatic experiences in their country of origin as well as the struggles that come up during their daily life in Austria.

We attempt to help everyone, regardless of the language they speak, so we have a supply of translators for various languages, if necessary.

Ailments:

- You have trouble sleeping or experience night terrors
- You are easily enraged or aggressive
- You suffer from anxiety
- You find it difficult to focus
- You have recurring memories of grievous experiences in your home country
- Children often struggle to communicate their issues, which can lead to problems in family, school and leisure

Our locations:

Linz, Braunau, Freistadt, Vöcklabruck

Registration process:

- Give us a call or write us an E-Mail
- In an initial consultation your issues will be estimated
- You will be placed on our waiting list, as soon as a spot is available for you, you can begin the therapy
- If you do not live in close proximity to one of our locations, travel expenses will be covered for public transport
